Micro-enterprises are defined as small businesses that are owned and operated by persons with disabilities. They provide their owners with a source of income, and, just as importantly, a sense of pride and accomplishment. By operating a micro-enterprise, an individual can explore their interests while simultaneously contributing to their local community.

To qualify for free exhibit space, a Micro-Enterprise must meet the following criteria:

- ✓ Owned and operated by a self-advocate
- ✓ Employs fewer than five people
- ✓ Has annual revenue that does not exceed \$25,000.

Regional Exposure to over 300 attendees

Use the size and schedule of this program to cost-effectively market your programs or products. Establish your position as a leader and develop valuable relationships with all of these influential individuals. If you never have enough staff, time, or money to make the impact you want on your targeted customers or clients, then this is your solution.
